Fishing

Costa Rica is not just a tropical paradise, it's also a deep sea paradise.

Costa Rica is one of the premier destinations for offshore fishing, with its tropical waters providing one of the most fertile fishing grounds in the world. Costa Rica has marlin, sail fish, tuna, wahoo, snook, rooster fish, snapper, tarpon and other species for you to try your hand at catching. Deep Sea fishing stirs the imagination unlike any other sport, and what better place to realize your desires than the abundantly rich blue waters of Costa Rica!

Diving

You will marvel at the abundant and diverse underwater life in the waters off Costa Rica's Pacific coastline.

Until recently, Costa Rica was virtually unknown as a destination for diving. Suddenly, it is being applauded for its variety of marine wildlife. New facilities along the Pacific coastline in Quepos are now offering first-class live boats and fully stocked dive shops. And divers have the excitement of truly virgin diving in areas never before explored. All our dive tour professionals are PADI Certified.
