Wedding

Make your wedding an event to remember.

Get married in beautiful Costa Rica at a luxury resort or if you prefer, marry barefoot in the sand. Whatever you picture for your dream wedding, Chiquita Tours can make it happen! We work with the resort of your choice to handle every detail so you don't have to! We can organize formal rehearsal dinners or less formal 'night before' sunset sails. We work with a local band to provide the best Latin music possible for your wedding, including acoustic music for the processional. We cover the flowers, the music and the extras, like spa treatments for the bridal party. So leave your wedding details with us and know that you are in good hands.
